The [Alba Espresso] staff was fabulous, great to have around, pleasant attitudes and GREAT coffee. Our event was a huge success and Northrop Grumman was definitely the talk of the town. I would definitely use them again when an event arises.

The Alba service was such a hit last year for our annual Doctors' Week, we had to ask them back for 2007 with extended hours! Our physicians raved about the service, and they loved the coffee. I would highly recommend the service to add distinction to any event.
